Position summary:

Tool & Die Maker is primarily responsible for building, troubleshooting, repairing and maintaining dies and tools to support NASG's production requirements in a safe and efficient manner.

The position duties will include, but are not limited to:

- Construct dies that are used to shape metal in stamping
- Craft precision tools that are used to cut, shape, and form metal and other materials.
- Read blueprints, sketches, specifications, or CAD and CAM files for making tools and dies
- Compute and verify dimensions, sizes, shapes, and tolerances of workpieces
- File, grind, and adjust parts so that they fit together properly
- Test completed tools and dies to ensure that they meet specifications
- Suggest ideas for continuous improvement
- Follow all health and safety regulations
- Perform other duties as assigned

Qualifications we are looking for include, but are not limited to:

- Valid Tool & Die license
- Minimum 3 years in building dies and tools
- Experience in building progressive and transfer dies, and spotting new dies
- Knowledge of GD&T and deep draw dies an asset
- Ability to read drawings, blueprints and specifications
- Mechanical and mathematical aptitude
- Excellent critical thinking and problem-solving ability
- Ability to multi-task and meet deadlines in a fast paced environment
- Demonstrated ability to function both independently and with good judgment in a team environment.
- Able to work hours of work schedule (3 weeks days and 1 weeks afternoons)
- Excellent hand-eye coordination
- Able to lift up to 35lbs, stand and walk on a continuous basis

What is in it for you?

- Signing bonus of CAD \$1,000.00

Competitive Salary

- Group Benefits

- Pension Plan
- Education Program
