

Full Time Architectural Design Technologist

K.L. Martin & Associates Corp. is a privately owned Indigenous technical consulting firm based in Six Nations of the Grand River in Ohsweken, Ontario. The firm has extensive experience in project initiation, planning, feasibility studies, design, construction, and maintenance planning, working closely with First Nations communities to support infrastructure and community development projects.

We are seeking a motivated and detail-oriented Architectural Design Technologist to join our team. This role will support feasibility studies, design development, preparation of construction documents, and provide assistance during the construction phase of projects, including commercial, institutional, and residential developments.

The Architectural Design Technologist will work collaboratively with project managers, architects, consultants, contractors, and client representatives to ensure projects are delivered efficiently and in accordance with project objectives.

Responsibilities

The following duties represent the primary responsibilities of the position. This list is not exhaustive but provides a general outline of the expectations associated with the role.

- Planning & Project Initiation
- Detailed Design & Construction Documents
- Construction Phase Services
- Project Coordination & Administration
- Site Reviews & Building Assessments

Qualifications

- Diploma in Architectural Technology or equivalent education and experience.
- Proficiency in architectural and design software
- Strong knowledge in Ontario Building Codes
- Knowledge of construction site safety procedures and practices, with an understanding of First Nations communities, priorities, and project environments considered an asset.

Salary will start at \$45,000.00/year to \$53,000.00/year based on experience.

A full Job Description is available upon request. Interested individuals should send their cover letter, resume, and references no later than, Wednesday, April 1st, 2026 @ 5pm in confidence, to:
